INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, (publishers of the High Point City Directory since 1933), presents to subscribers and the general public, this, the 1966 edition of the High Point City Directory, which also includes Allen Jay, Archdale and Emerywood Estates. (In all, the Hill Directory and its affiliated companies publish more than 1,400 city, county, state and national Directories.)

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the High Point Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings, a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like High Point, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers and Zip Code numbers. Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

807/31 Ch. Hill Men. Assoc.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point and vicinity.

The High Point Out-of-Town City Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in the offices of the High Point Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

Southern Furniture Exposition Building

Origin of Name

High Point was originally on the Indian Trail extending from the seashore to the mountains.

High Point derived its name from a statement made by Captain Gregg, chief engineer of the surveyors of the North Carolina Railroad, from Goldsboro to Charlotte (now leased by the Southern Railway), in which he said, "This is the highest point along the whole survey, so we will mark it High Point."

Industry

High Point occupies the unique position of being the Southern center of two major industries - furniture and hosiery manufacturing.

The first furniture factory was established in 1888 - today there are 97 furniture factories located here manufacturing a complete line of wooden and upholstered household furniture including also office desks and other equipment.

There are many factories which maintain private showrooms. In addition there are a number of exhibition buildings which display the products of approximately 600 manufacturers. These are: The Southern Furniture Exposition Building, Furniture Plaza, High Point National Furniture Mart, Merchandise Mart, Furniture Display Building, Southeastern Building and the Dealer's Mart. The combined floor space of these buildings is approaching $1\frac{1}{2}$ million square feet. High Point is the focal point of the great Southern Furniture Market recognized as the only truly national furniture markets in the country, as one of the most significant furniture markets in the world. Styles are shown to the trade at four markets each year - in April and October to a national and international audience and in January and July to a regional audience. Private showrooms and exhibition buildings are open only to members of the trade.

The daily capacity of the 29 hosiery mills of High Point exceeds 80,000 dozen pairs of hose. The manufacture of hosiery ranges from infants' hose to ladies' seamless hose. The volume of men's half hose and boys socks are predominant. This makes High Point the largest producer of hosiery in the world. The first hosiery mill in High Point was established in 1905.

There is a wide diversity of manufacturing in High Point -- in addition to 97 furniture factories and 29 hosiery mills, there are 252 other diversified manufacturing plants. Among these are plants manufacturing: work clothes, men's summer clothing, mattresses, box springs, pillows, veneers, plywoods, fibre glass boats, art glass, paints, enamels, varnishes, lacquers, sealers, stains, fillers, under-coats and reducers, building materials, mirrors, glass furniture and novelties, toys, hosiery transfers, embossers' labels and seals, silk and rayon weaving, hosiery yarns, dyes, chemicals, textile oil specialties, paper boxes, corrugated shipping containers, television cabinets, textile spools, polyurethane foam, electronics, tools and dies, springs and fabric distributors.

The manufacturer will find in High Point many advantages so necessary for successful and profitable operation (this is proven by the successful operation of plants now located here). Among these are climate (good living and working conditions); availability of intelligent native labor, 79.8% native white, 19.7% Negro, 0.5% foreign-born, according to 1960 census; harmonious industrial relations, efficient public utilities, adequate electric power and modern municipal facilities.

Located on main line of the Southern Railway System between Washington, D. C. and Atlanta, Ga.

Charter and Form of Government

The original charter of the City of High Point was granted by the State Legislature in 1859.

The present charter provides for a city council consisting of a mayor and eight councilmen.

High Point is operated under the modern city manager charter which places responsibility for efficient operation of all departments upon which the city manager heads, and delegates to him authority commensurate with such responsibility.

Pursuant to provisions in the State of North Carolina constitution, no new indebtedness may be created in any fiscal year in excess of 66.67% of the amount of retired indebtedness during the previous year except by vote of the citizens.

Utilities

The city operates its own Electrical System serving primarily residential and commercial customers of unlimited size at rates comparable to private power rates of this area. There are 19,913 customers on the system. The system is of the most modern equipment, design and construction with a 69,000 kv loop as its backbone. The customer's voltage is regulated and there is ample capacity for major expansion. Advance system design, planning and financial programing have been done to insure a system second to none. The substantial profit from the operation of the system is reflected in other services.

Duke Power Company supplies all the electricity in our area, serving the City of High Point as a wholesale supplier and serving large industrial customers directly. Duke Power's industrial rates are among the lowest in the southeast. Present expansion plans for the Duke generating system insure adequate power for all future needs.

Piedmont Natural Gas Company supplies natural gas to the High Point area. Through its distributing system, Piedmont Natural Gas serves residential, commercial and industrial customers. The gas delivered contains not less than 1,000 BTU's per cubic foot, with a specific gravity of .59. Natural gas is available in virtually all of the industrial sections of the High Point area.

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

- 1. To consider, first, the interest of the user of the book.**
- 2. To subscribe to and work for truth, honesty and accuracy in all departments.**
- 3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.**
- 4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.**
- 5. To decline any advertisement which has a**

tendency to mislead or which does not conform to business integrity.

- 6. To solicit subscriptions and advertising solely upon the merits of the publications.**
- 7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.**
- 8. To co-operate with approved organization and individuals engaged in creative advertising work.**
- 9. To avoid unfair competition.**
- 10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.**

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CO-EDUCATIONAL INDEPENDENT — CHURCH RELATED

Regular Session and Evening School
September-May

Summer School — Two Sessions
June-August

Any College — old or young, large or small — must have a living personality separate and distinct from all others. This is what makes it worthy of its name and existence. High Point College stands for some very definite and unique ideas in education and strives to translate them into its way of life. This individuality is deeply rooted in our philosophy and is revealed in our actions. Our fundamental purpose and the very reason for our existence is to assist our students in developing themselves to become the strong leaders in their communities — whatever their vocational choice.

High Point College is a senior, co-educational, liberal arts college operating under the sponsorship of The Methodist Church. The College educates young men and women so that they may live useful lives and make worth-while contributions to society.

In addition to the liberal arts curriculum, the College offers specialization in professional areas such as teacher education, business administration, and the sciences. Able students are therefore prepared to attend graduate and professional schools, or to take their places in their chosen careers.

Three degree programs are offered; Bachelor of Arts, Bachelor of Science and Bachelor of Arts in Teaching. Majors are offered in twenty-three areas of concentration.

SUPPORTED BY STUDENT FEES, ENDOWMENT INCOME, THE METHODIST CHURCH AND GIFTS FROM ALUMNI AND OTHERS, CORPORATIONS AND FOUNDATIONS.

DEVELOPMENT OFFICE SEEKS GIFTS, TRUSTS, WILLS, AND OTHER GRANTS FOR ENDOWMENT, BUILDINGS, EQUIPMENT, SCHOLARSHIPS AND OPERATING EXPENSES.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight -- Out of Mind Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
